

WELCOME TO OUR HOMEPAGE OF FUSSA 5TH ELEMENTARY SCHOOL.

Introduction of our school

Fussa 5th elementary school is next to Tama River and the Fussa south park which is surrounded by beautiful nature.

Our school continues to be the Pet Bird Model School for nearly 50 years. Lots of birds come to our school ground and it's a beautiful sight. All the students are caring well for the environment.

1. Principle

I am the principal, Masayo Matsushita.

Our school's slogan is "Watch over and respond".

In our school, peoples in the area are watching the children on their way to school and home. The city and the parents are trying to support a rich education for the children. This is what "watch over" means.

"Respond" means the students receive the support of the parents, notice the goodness of themselves, the goodness of their friends, and grow well. We build a school that "watches and responds".

2. Main School Events

Sports Day

Nikko Field Trip

Bird Watching

etc
